Strawberries

Our Recommendations For 1952

WIS. 2-14—New introduction from University of Wisconsin. Better for freezing than any other. 2 to 3 days later than Premier. Good size, solid, red, vigorous, highly productive. Top quality fruit for garden or commercial production in Wisconsin.

WIS.-537—Bright red, high yielding, excellent flavored berry. Highly recommended for garden and commercial production. Good freezer. Introduced by University of Wisconsin.

PREMIER—The most popular berry in use today, large bright red, high quality berry. Early and high yielding. More frost resistant than other varieties.

CATSKILL—Very large, dark red fruit. Solid berry. Top quality. Mid-season maturity.

~~50-\$1.75; 100-\$2.50; 250-\$5.25; 500-\$8.75; 1000-\$14.00~~

Sen. Dunlap—One of the oldest popular varieties. Very prolific. One of the easiest varieties to grow.

Robinson—A good, large, deep red fruit. A good berry for sandy soil. A good producer.

Temple—Very fine dessert berry. Beautiful dark color, firm, very tall growing and heavy yielder. Grows well under very wet conditions where others don't. Ten days later than Premier.

50-\$1.60; 100-\$2.00; 250-\$3.85; 500-\$6.25; 1000-\$11.00

ALL PLANTS FRESHLY DUG

All Orders Filled Promptly.

Everbearing Strawberries

SUPERFECTION—New everbearing, fine texture. Bears continuously from a short time after planting until frost.

GEM—Year after year this has proved to be the best everbearing. Fine flavor, round fruit. Always a good yielder.

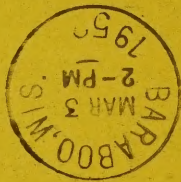

EVERMORE or MINN. 1166—Large, pointed fruit, excellent flavor. Will give a good yield of dark red berries.

STREAMLINER—Delicious, very sweet, rich, radiant color all the way through. Very hardy and productive plant.

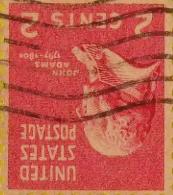

25-\$1.25; 50-\$2.00; 100-\$3.00; 250-\$7.00; 500-\$12.00; 1000-\$20.00.

PLEASE GIVE DATE OF SHIPMENT OR WE WILL SHIP AT PROPER PLANTING TIME.
